

Bio-bin[®] 6Ltr Pipette

Bio-bin Pipette has been specifically designed to safely contain large used pipettes. It has a 96% paper construction that is easy to use and is approved to standard UN3291.

There are a selection of stainless steel stands available for floor, bench or wall mounted use.

No Sharps

UN 3291 approved

Bio-bin[®] (6Ltr Pipette) nests inside itself, making it very space efficient to store. 40 units are supplied in 1 outer box.

New super absorbent **Bio-matt[™]** will soak up approximately 250ml of liquid in minutes and turn it into a gel.

Bio-bin[®] (6Ltr Pipette) There are a variety of stainless steel stands available. The "Z stand" is used for bench or floor use. The "U stand" holds the Bio-bin at a 30 degree angle.

Bio-bin[®] (6Ltr Pipette) is designed with its own built in lid. The bin is sealed by simply folding down the lid. Temporary seal keeps contents safe when not attended.

Bio-bin[®] (6Ltr Pipette) has a section of strong adhesive that keeps the bin sealed and leak-proof. The bin can be autoclaved but is designed to be sent direct for final disposal.

Now with built-in **Bio-matt[™]** (Super absorbent)
