INDIA PLANTATION MYSORE

Pure India Plantation Mysore: these Asian Arabica is a product of a long-standing tradition. It is grown in the region of Karnataka, in Southern India, originally known as “Mysore”. The exotic beans of this coffee variety are grown in the shade of kapok and citrus trees. Mysore is an essence of Oriental perfumes, reminiscent of incense, pepper and nutmeg.

Tasting notes

The aroma of Mysore offers an essence of Oriental perfumes, where scents of incense, pepper and nutmeg alternate and there is sometimes even a light minty sensation. A delicate flavour of chocolate and spices, pleasantly sweet and moderately acid.
