

Moving Coil Instruments

90 degrees pointer deflection

Customer item no.:

Customer ID name:

Specification:

Type: D120PI 0,5-0-0,5mA, 24V L, 100-0-100
 Range: 0,5...0...0,5mA
 Ri: 60Ω
 Class: 1,5
 Front frame: 120 x 96 mm
 Length of scale: 90 mm
 Housing: 65 Ø mm
 Weight 0,25 kg

Manufactured by GOSSEN Müller & Weigert, Nürnberg

General:

Shipboard Instruments as per Lloyd's Register of Shipping (Cert.no. AP-98)
 Designed as per VDE 3540,p.2 climatic category 3.
 Splash proof design IP54

Shock proof up to 5g
 Thrust proof up to 15g

Test voltage: 2 kV
 Temperature range for operation: -25...+55 C
 Temperature range for storage: -40...+70 C

Front window in plexi glass
 Instrument with indirect illumination by LED, 24 V DC
 White scale is translucent
